

Parent / Guardian consent form to participate in the KEEPS Exhibition

Dear Parent/Guardian,

The KEEPS Exhibition works with many children all over the world to create a piece of art that represents the most important thing in the child's life. It began in 2006/2007 with students from the London School of Economics and Political Science conducting the projects around the world, and has grown from there. This will be exhibited at an exhibition in further exhibitions, and may include publication of a book, as well as on the KEEPS exhibition website, etc, and advertising for the exhibition, etc.

To do so, we request your permission for your child's contribution to be exhibited in public, and possibly published, and we invite you to ask any questions that you may have in considering this.

In signing below, you grant the KEEPS Exhibition permission to use the art painted by your child or child under your care (also including a photo of the child, and other photograph's and video recorded of the painting activity, as well as basic details of the child such as their name, age, and reason why they think what they painted is important), in the manner described above. Address or personal contact information will not be used in any way except to enable correspondence with you directly.
